POWERLOCK STYLE CONNECTORS

Powerlock Style Connectors

Designed to connect single phase & three phase high current power circuit.

Connectors are available in cable and panel-mount formats with either crimp or screw contacts. Rated at 500A and 800A for single core cables from 25 – 300mm².

The standard safety features include a secondary locking system which requires a key to unlock the connection. This is in addition to finger-proofed electrical contacts on all connectors, which reduces the risk of accidental contact when the connector is live.

Line Drain (lead Plug)	Panel Drain (Socket Inlet)
	
Line Source (Lead Socket)	Panel Source (Appliance Outlet)
	
Sequential Drain Mating Box (Plug)	Sequential Source Mating Box (Socket)
	

Cable Assemblies also available

Specifications subject to change without notice, Version: January 2019.
